

URBAN AFFAIRS COALITION FISCAL SPONSORSHIP AND SHARED SERVICES

Let us work with you to help you face the challenges ahead.

When working to solve problems and transform lives, do you want the added worry of managing payroll, negotiating health benefits or filing IRS reports? Let us customize the right solution for you.

These are challenging times for social enterprise organizations. Money is tight and efficiency has never been more important. Fiscal Sponsorship is a cost-effective way to implement programs, advocate around issues, or test new approaches to social change without having to establish a new nonprofit organization.

Our Comprehensive, Collaborative, Fee for Service, and Professional Consultation business management, provide tailored back-office solutions that give you the right support to focus on what you do best – solve problems and transform lives. Our clients include individuals, organizations, foundations, government and corporations.

Being part of UAC means you are joining a highly-respected 43 year-old nonprofit organization that is committed to social change. You are part of a close network of more than 75 partners and programs that care deeply about the communities they serve and work together to advocate and share knowledge and resources.

UAC saved us the cost and time of incorporating and more important, provided ongoing financial controls and a strong third-party backing. The food pantry doesn't have to worry about doing the books, keeping up with changing regulations or training staff. -- Ed Breiner, Chairman of the West Chester Food Cupboard.
